**WIRELESS INSTALLATION GUIDE - IPAD**

This guide explains how you can setup your iPad to use the Edinburgh Napier University Wireless Laptop Service.

You are reminded that when using any Edinburgh Napier University IT service (which includes using your personal equipment) you are bound by the terms of Edinburgh Napier University’s Information Security Policy. A copy can be found on the “Information Security Policy” page in the Information Services – IT section of the staff intranet.

To setup your iPad to use the Edinburgh Napier University Wireless Laptop Service:

- On the main interface click **Settings**:

- Choose **Wi-Fi** and the Choose a Network screen will appear:

- Choose the “**eduroam**” option if you can see this on your interface (this means that you will be able to use this at most universities around the country).

- You will be prompted to enter your **Username** and **Password**:

  - Username: `<your login ID>@napier.ac.uk`
  - Password: your network password

Please note: Remember when you update your password on the University services you will need to update them on all the services that store this information on your iPad.
