Step 1

- Left click on the wireless bar in the System Tray (bottom right hand corner of screen) A list of all available wireless networks appears.
- Left click eduroam from the list. Tick “connect automatically” if required and then click “connect”.

Step 2

- Enter your username in the form of <loginID>@napier.ac.uk for staff and <matriculationnumber>@live.napier.ac.uk for students and your password. Click OK.
Step 3

- You’ll now be connected to Eduroam and can browse the internet on your device.
- You can confirm this by hovering the mouse of the wifi icon as shown below.
