

## Fairtrade University Policy

*“Sustainability is integral to the strategic plans of Edinburgh Napier University. The University is working towards developing a campus that is environmentally excellent – meeting the needs of our students and staff without compromising the quality of life of future generations”.*

Edinburgh Napier University Carbon Management Plan 2014

Edinburgh Napier University and Napier Students' Association recognise the impact the University community can have on the environment and society. The University and Students' Association are therefore committed to supporting, procuring and promoting Fairtrade products, publicising this Fairtrade University Policy and communicating the Fairtrade ethos. Edinburgh Napier University and Edinburgh Napier Students' Association will:

- Source and sell Fairtrade products in all outlets across all campuses
- Use Fairtrade products at internal meetings and events
- Commit to campaigning for increased consumption of Fairtrade products
- Inform staff and students of the benefits of Fairtrade products
- Celebrate Fairtrade Fortnight annually
- Network and share information with external organisations
- Ensure that all work ties into the Edinburgh City Fairtrade Initiative
- Support Scotland as a Fairtrade Nation

Dan Smith  
President  
Napier Students' Association

Jamie Pearson  
Sustainability/Environmental Advisor  
Property & Facilities

Signed: Friday 23 January 2015
