The current bicycle storage area next to the [EN]GAGE Sports Centre will be removed from use on Monday 2\textsuperscript{nd} November. Existing and planned storage areas are shown in the map above and described below:

1: Existing. Underneath main campus entrance. Space for 50 bicycles. Covered and secure (using staff or student card for entry). Temporary access into the campus building will be provided via doors next to the storage area into the main refectory.

2: Existing. Main campus entrance. Space for 50 bicycles. Uncovered and open. Access into the campus, will be available through the main entrance and also temporary access using the doors next to the storage area shown in 1.

3: Planned. West storage area. Space for 20 bicycles. Will be covered and secure (using staff or student card for entry). No planned schedule for development to date but it’s hoped that the structure will be developed early in the project to allow cyclists easy access to facilities available at [EN]GAGE.

4. Planned. [EN]GAGE entrance. Space for 20 bicycles. Will be covered and secure (using staff or student card for entry). No planned schedule for the development to date but the structure will be built at the end of the project.
