4. PRINCIPAL’S REPORT

4.1. The Principal introduced her written report and highlighted the 3.7% reduction in the University’s core Scottish Funding Council (SFC) funding for 2016/17. It was reported that some other elements of the University’s grant allocation were not yet known. It was noted that the implications of the funding reduction were being managed through the planning and budgeting process.

4.2. It was noted that the HE Governance Bill had now been passed and that a paper on implications and next steps would be brought to Court at its next meeting.

4.3. The Principal also highlighted the recent successful “Chancellor Talks Series” lecture given by renowned designer Milton Glaser, delivered from New York via Skype, and reported that she and the Chancellor would be hosting a dinner in New York in April in his honour. The lecture would be posted on YouTube shortly and Court members would be sent the link.

4.4. The Principal was congratulated on her recent election as Convenor of Universities Scotland.

4.5. Thereafter, Court noted the report.

5. REVIEW OF THE CURRENT FINANCIAL POSITION*

5.1. The Finance Director introduced the paper which provided Court with the summary financial results year to date to December 2015. It was noted that the Quarter 2 forecast indicated a surplus of £2.7m, £0.6m better than budget, and the range of factors underlying this position were noted.

5.2. Thereafter, Court noted the report.

6. PLANNING & BUDGETING: EMERGING ISSUES

6.1. The Vice Principal (Deputy Vice Chancellor) provided an update on the planning and budgeting process and highlighted a number of themes and issues emerging. It was noted that academic areas were being challenged around growth in relation to international and online activity and in relation to academic portfolio review, whilst priority areas for investment were being identified. It was further noted that professional services were being challenged to identify areas where they could reduce costs. The next steps in the process were outlined and it was noted that the final budget and corporate plan would be completed by May.

6.2. In the context of the cost savings required, a member queried whether compulsory redundancies in professional services could be ruled out. It was noted that the University was not currently planning to make compulsory
redundancies, but given that the scale of financial challenge facing the University beyond 2016/17 was not yet known, it was not possible to commit that this wouldn’t happen. The focus on growing income to mitigate the effects of funding reductions was emphasised, as were measures around managing vacancies and recruitment.

6.3. Thereafter Court noted the update.

7. STUDENT ENTERPRISE

7.1. Court received a presentation which provided an overview of the activities undertaken by Bright Red Triangle (BRT) to support student innovation and enterprise within the University, and included an overview of the positive experience of MSc student Nika Puri, who is employed as a Junior Associate with BRT and is developing their “Changing Perceptions” programme.
