3.1. There were no matters arising.
4. COURT AND COURT COMMITTEE MEMBERSHIP  

4.1. Court noted its membership for 2018/19 and approved the committee memberships recommended by Nominations Committee.

4.2. It was noted that the elected Academic Staff member place on Court remained vacant following a cancelled election, and that a further election would be held to fill the vacancy as early as practicable.

5. PRINCIPAL’S REPORT  

5.1. The Principal introduced her written report and highlighted the Migration Advisory Committee reports, the appointment of Richard Lochhead MSP as the new Minister for Further Education, Higher Education and Science in Scotland, and the Scottish Government’s Spending Review.

6. FINANCIAL REPORT: PROVISIONAL OUTTURN  

FOR 2017/18*

6.1. Court received the paper which reported on the provisional financial outturn for the year ended 31 July 2018.

6.2. In discussion the range of mechanisms and activity, including School Boards, intended to support the achievement of income targets were noted. It was noted that effective local cascade was important to ensure that staff understood the University’s financial context and targets, and a number of communication activities undertaken within Schools in this regard were highlighted. It was noted that more work was needed to grow external engagement and promote the importance of this to staff.

6.3. Thereafter, Court noted the report.

7. STUDENT SURVEYS: OUTCOMES AND ACTIONS  

7.1. Court received the paper which summarised the latest results of the three independent sector-wide surveys of student experience: the National Student Survey (NSS), the Postgraduate Taught Experience Survey (PTES) and the Postgraduate Research Experience Survey (PRES) along with details of the actions being taken to address the outcomes of these surveys.

7.2. The background to the difficulties experienced within Nursing regarding programme change which had contributed to the overall decline in NSS performance were noted, as were the actions being undertaken to address these issues and other learning points going forward. In discussion, it was recognised that a similar situation could arise in the near future with further changes to Nursing and Midwifery Council Standards, but that there was a high degree of confidence within the School that any future transitions would be much better managed. With regard to addressing issues in other Schools, the expected consultation with Heads of Subject and Programme Leaders which fed into School Plans was highlighted. It was noted that issues in the School of
Engineering and Built Environment would be addressed with the arrival of the newly appointed Dean. The importance of education and promotion of the NSS to students was recognised, and improving levels of employee engagement was acknowledged as a factor in increasing student satisfaction. It was noted that the results of the PTES and PRES surveys had been more positive.

7.3. Thereafter Court noted the update.

8.1. Court received the paper which provided a summary of league table rankings for the University across the three main league tables in the UK as well as the World University rankings. 9. INTERNATIONAL CENTRE, CHINA: PROPOSAL AND BUSINESS CASE* UC(18/19)06

9.1. Court received the paper which sought agreement from the University Court to submit an application to establish a Joint Education College (JEC) in Liuzhou, Guangxi Province of China, in partnership with Guangxi University of Science of Technology (GXUST). It was noted that the rotation of senior staff at GXUST would delay the timescale for application to the Ministry of Education until March 2019.

9.2. Discussion followed during which members welcomed the detailed work that had been undertaken in preparing the business case and to identify and manage risks. It was noted that the income projections based on projected student numbers were considered to be achievable, having been informed by experience of recruitment in similar areas, and were considered to be conservative. It was noted that further programmes could be added in future as the partnership developed. It was noted that the University’s financial commitment was limited to investment in staffing and that the main risk of not proceeding would be reputational rather than financial. The staffing model envisaged for the JEC was also clarified.

9.3. Thereafter, Court approved the recommendation to proceed with the JEC application submission.
