

Example data access statements

Please note that to prevent creating bias in metrics monitoring DOI resolutions, the URLs used in these examples are not genuine.

Openly available data

"All data created during this research is openly available from the Edinburgh Napier University data archive at <http://enu.doi.org/10.15125/12345>."

"All data supporting this study is provided as supplementary information accompanying this paper."

"All data is provided in full in the results section of this paper."

Secondary analysis of existing data

"This study was a re-analysis of existing data that is publicly available from EMBL at <http://dx.doi.org/10.15125/12345>. Further documentation about data processing are available from the Edinburgh Napier University data archive at <http://enu.doi.org/10.15125/12345>."

"The study brought together existing data obtained upon request and subject to licence restrictions from a number of different sources. Full details how this data was obtained is available in the documentation available at <http://enu.doi.org/10.15125/12345>."

Ethical restrictions

"Anonymised interview transcripts from participants who consented to data sharing, plus other supporting information, are available from the UK Data Service, subject to registration, at <http://enu.doi.org/10.15125/12345>."

"Due to ethical concerns, supporting data cannot be made openly available. Further information about the data and conditions for access are available at the Edinburgh Napier University data archive: <http://enu.doi.org/10.15125/12345>."

"Due to the (commercially, politically, ethically) sensitive nature of the research, no interviewees consented to their data being retained or shared. Additional details relating to other aspects of the data are available from the Edinburgh Napier University data archive at <http://enu.doi.org/10.15125/12345>."

"Supporting data are available to bona fide researchers, subject to registration, from the UK Data Service at <http://enu.doi.org/10.15125/12345>."

Commercial restrictions

"Supporting data will be available from the Edinburgh Napier University data archive at <http://enu.doi.org/10.15125/12345> after a 6 month embargo from the data of publication to allow for commercialisation of research findings."

"Due to confidentiality agreements with research collaborators, supporting data can only be made available to bona fide researchers subject to a non-disclosure agreement. Details of the data and how to request access are available at the Edinburgh Napier University data archive: <http://enu.doi.org/10.15125/12345>."

Non-digital data

"Non-digital data supporting this study is stored by the corresponding author at Edinburgh Napier University. Details of how to request access to this data are provided in the documentation available from the Edinburgh Napier University data archive at <http://enu.doi.org/10.15125/12345>."

No new data created

"No new data was created during this study."
