1. Summary and other guides this links to

This guide will teach the reader how to produce an individual transcript from SITS.

A 'transcript', also referred to as a 'record of academic achievement (RAA),' documents and certifies a student's academic profile. This will include the programme of study, modules taken, marks received, honours conferred. Students may request a transcript as part of an application package for further education or employment opportunities, among other reasons.

Transcript requests from current students are sent or forwarded to the PASS team. Requests from students who have already graduated from Edinburgh Napier University will be processed by the Student Records via the e-shop for a small fee. If a graduate is making a transcript request after the start of the next session, then this must be requested by the student through the Student Records shop.

Transcript requests can be fulfilled at any point throughout the academic year, except during the period where marks are in the process of being confirmed by the Programme Assessment Board. These embargo dates on transcript production are provided in the key dates calendar.

Across the University there are several programmes for which award decisions are made at the January Boards, and result letters and Diploma Supplements are issued after the TR1 results publication date. If any of these students with an AWARD status request a transcript/ RAA before their graduation date this is provided to them by the PASS teams.

Page 1 of 7 – This PASS Process Guide is designed as an electronic resource maintained through the PASS Enhancement Group. If printed it is an uncontrolled version.

2. Step-By-Step Instructions

To produce an individual transcript, two actions are performed. First, the student's RAA is pulled out of the SITS database. Second the Edinburgh Napier RAA graphic is added to the document. The detailed instructions for these two actions are outlined below. When completed, transcripts are printed on watermarked paper or, if an E-transcript, saved and emailed as a PDF document.

<u>Step 1 – Pulling Student Transcript Data Out of SITS</u>

i. In SITS, bring up the '**POG'** screen and type in "**NAP**" under 'Code' and click the **green chevron** to bring up the report options.

ii. If the individual requesting the transcript is an undergraduate student, click option 12 (UG Record of Academic Achievement (RAA)). If the student is a postgraduate student, click option 14 (PG Record of Academic Achievement (RAA)).

Page $\frac{2}{7}$ of $\frac{7}{7}$ – This PASS Process Guide is designed as an electronic resource maintained through the PASS Enhancement Group. If printed it is an uncontrolled version.

iii. In the next screen, make sure to fill out the correct Year, Course,
 Programme, and SPR code, and to delete the SCE Batch code so it is left blank. Then click Print Preview at the bottom of the screen.
 Once the preview pops up, hit Print at the top of the screen.

<u>Step 2 – Adding the Edinburgh Napier RAA Graphic to E-Transcripts</u> ***You must have ADOBE ACROBAT PRO DC (i.e. Acrobat DC 2018)** (Note: you can download and run this program from Apps Anywhere)

- i. Save a copy of the <u>E-record of Academic Achievement template</u> for E-transcripts to your files.
- ii. Open the RAA document you just pulled from SITS in Adobe Acrobat Pro DC and click **Edit PDF** on the left hand side (or under the tools tab under the file bar).
