

General Consent Form for under 18s

Permission to use Photographs and film footage

Our use of photographs, film and quotes

The photographs / film / words and quotes will be used solely to promote the activities of Edinburgh Napier University and our partners in the UK and overseas. The images and words may appear in any of our promotional material in printed or electronic form including websites, social media, multimedia productions, course leaflets and prospectus. Please note that websites and social media can be seen worldwide and not just in the UK where UK law applies.

Data Protection Legislation

To comply with Data Protection Legislation, we need your permission before we take any photographs or film of your child / the child in your care.

We will normally store photographs and film securely in our image library for no longer than five years, however your photograph / film footage / words and quotes may be selected for inclusion in our historical archive and be retained indefinitely (for historical record, not for marketing and promotional purposes). There may be times during the five year period when we contact you to ask you to refresh your consent e.g. if your image / film / words are chosen to appear in a major campaign. You can contact us using the details at the end of this form to request removal of content at any time, but please note that in certain circumstances we may not be able to immediately erase or delete content already published.

Further information on your rights under Data Protection legislation can be obtained from the University's Data Protection Code of Practice.
