

## HR Connect Employee Self Service (ESS) Guide: Your Guide to Online Payment Claims

This guide aims to provide you with concise step-by-step instructions for using HR Connect to generate online payment claims, with specific guidance for different types of claims. These currently include:

- [Additional Payments Form](#) – to be used by Academic employees who are claiming for a Project Disbursement or One-Off Payment.
- [Hourly Paid \(Academic\)](#) - to be used by Academic employees who have a Guaranteed Hours or zero hour lecturer contract, e.g. University Tutors; zero hour lecturer.
- [Hourly Paid \(Support Staff\)](#) - to be used by Professional Services employees who have a Guaranteed Hours contract. e.g. Student Counsellors.
- [Overtime](#) – to be used by employees in Grade 2-4 roles, with advance approval by their manager if
  - extra hours which have been worked over and above the normal working week of 35 hours
  - **OR** if you are part time and you have worked your contractual hours in a week, and are claiming for working extra hours at single time up to a maximum of 35 hours.
- [Standby and Callout Payment](#) – to be used by eligible employees in Information Services who perform standby or callout duties during the week or at the weekend.
- [Student Experience Claim Form](#) – To be used by employees who have a Student Experience contract.

If you have any questions about online payment claims please contact [payroll@napier.ac.uk](mailto:payroll@napier.ac.uk).

### Benefits of Online Payment Claims & Points to Note

- Claims can be created and maintained while carrying out work before submitting at a later date.
- A confirmation e-mail detailing the provisional cash value of your claim will be sent when it has been submitted for authorisation.
- You have visibility of the claim in HR Connect after it is submitted which will allow checking of its status. You will also receive a confirmation e-mail, once the claim has been authorised or rejected by your manager.
- The claim deadline date is always the **10<sup>th</sup> of the month** (except in December). This is the date that the form must be authorised by, not the date that the form is submitted for authorisation. You need to submit your claim prior to this date, ensuring that you allow your manager adequate time to check and approve the hours worked.
- If your claim has been submitted **and** authorised by the published online payment claims date it will be paid in that pay month. Otherwise, it will be paid in the following pay month assuming that it has been authorised by that month's cut-off date. Aside from following up with your manager you do not need to do anything else once the claim has been authorised. Please note the cut-off date cannot be overridden so **exceptions cannot be made** for late claims.
- If you have more than one position, you **must** base a claim on each specified position to ensure that the claim goes to the correct manager for authorisation.
- You can amend and resubmit claims that have been rejected.
- When work is claimed for, the correct cost code **must** be entered on the claim form. It is the responsibility of your manager to advise you of the cost center, when organising the work.
- To improve budgeting, you should ensure that your hours are claimed on a monthly basis, and not accrued over several months. If a payment claim is made **90 days after the work has been done**, this will be rejected, and you will have to contact [payroll@napier.ac.uk](mailto:payroll@napier.ac.uk) for further instructions.

### Accessing HR Connect

You will need to login to [HR Connect Employee Self Service](#) via [quick links](#) on the Staff intranet. To maximize security, you will need to be logged into the University network to access Self Service. If it is accessed off campus or at home, it is recommended that [Virtual Desktop Services](#) is used. For more information about working off campus [please see here](#).

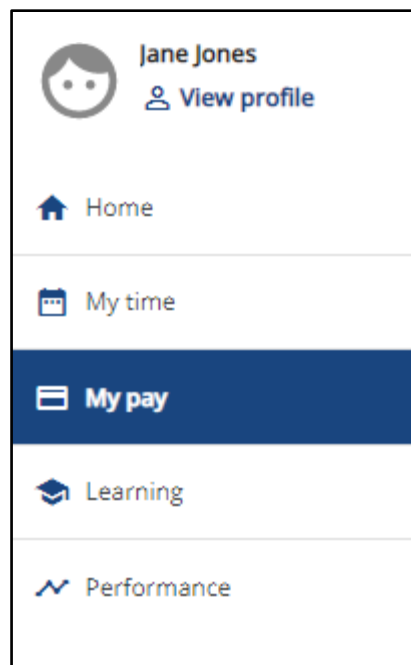

This means that payments can be submitted and/or authorised if you or your manager are out of the office.

### Reporting Manager

Before proceeding with a claim, it is recommended that you check that your “Reporting Manager” is correct, as this is the person that the claim will be sent to for authorisation. See [Appendix 1](#) for details on how to check this.

### Creating Your Claim (for accessing an already created claim see [Appendix 2](#))

Using the navigation buttons on the left hand side of the [HR Connect Self Service Screen](#), select at the top of the HR Connect Self Service screen, select **My Pay**:

At the top of the **My Pay** screen select the **Time & Expenses** tab.

Within the **Time & Expenses** card select **'Add claim'**.

By submitting this form you are confirming that your claim is in line with the relevant policy – available on the staff intranet. To be paid in the current pay month your claim must be authorised by the online payment cut off date – normally the 10th of the month although earlier in December. Please pay extra attention to the date that you enter in the Start Date field. If you are claiming payment for work in November to be paid in December we recommend you use a start date of 1st November etc. Alternatively, you can use the start date of the earliest recorded entry on this claim.

Start date (required)

Job title (required)

Claim template (required)

- **Start Date:** A claim should start with the first day of the calendar month that work was done in (e.g. the 1<sup>st</sup>), entered as DDMMYYYY or use the calendar button beside to select the date. - The **Job title field** will automatically populate. If you have more than one position, you will need to choose the position that you are claiming against from the drop-down list. This will ensure that the claim goes to the correct manager for authorisation. This should be the person who approved you to do the work.
- **Claim Template:** Select from the drop down list the appropriate **claim template**. Once you have selected the correct form type, click **New** to commence completing the form.

All overtime must be approved in advance by your manager and payment for additional hours worked can only be claimed by staff in Grades 2 to 4.

Staff contracted to work full time (35 hours per week) must work these hours in full before overtime is payable at enhanced rates. Staff who are contracted to work less than 35 hours per week will receive plain time up to 35 hours (Overtime x 1). Any Hours worked above 35 hours (Monday to Saturday) will be paid at time and a quarter (Overtime x 1.25). You can add as many lines as necessary to this form.

If you do not enter a cost centre it will automatically be charged to your salary cost centre. There may be occasions, where overtime has to be cross charged and your manager will confirm the cost centre in advance of working overtime. Please ensure that this is completed on the form in an 8 digit format e.g. D999-000 or prefixing a 7-digit code with an x e.g. xD999-00.

Your Manager will receive an e-mail notification to log into **People Manager** to authorise the claim. You will also receive this email confirming submission at this point. Note that this includes **provisional gross pay** values not actuals. The values are provisional as it may be affected by other variables in the final pay run (e.g. a pay award or a pay scale increment).

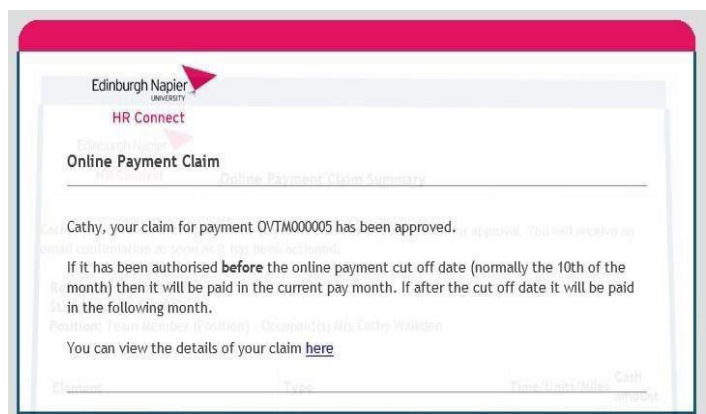

If you do not receive this email within 60 minutes please contact [payroll@napier.ac.uk](mailto:payroll@napier.ac.uk) as it may indicate a technical issue. Likewise if the manager name is not included you should contact the team.

In HR Connect Self Service you will see this – note the change to the status to say **Awaiting Authorisation**

After authorisation you will receive this:

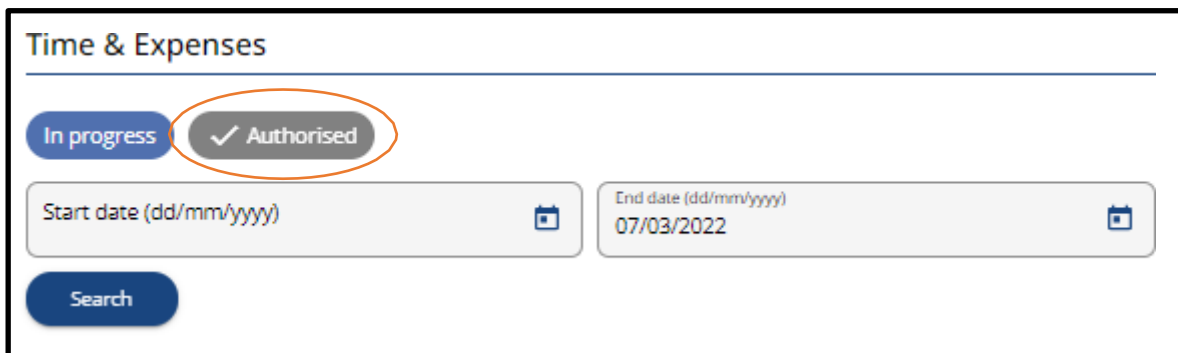

Your manager cannot adjust a claim on your behalf, even if it is only the cost code information that is wrong. If your claim is not authorised, you will receive an email in which your manager should include a note about why it was rejected and/or discuss this with you. Your claim is still available for you to open, amend and resubmit.

You are also able to cancel a claim at any point that has not been submitted or authorised.

You can search for previously authorised claims by click on the search button and using the calendar to search between two dates (ensure that the **Authorised** button is ticked). If you leave the date field blank, all authorised claims will be listed.

The screenshot shows a search interface for 'Time & Expenses'. At the top, there are two filter buttons: 'In progress' and '✓ Authorised'. The 'Authorised' button is circled in orange. Below the filters, there are two date input fields. The first is labeled 'Start date (dd/mm/yyyy)' and is empty. The second is labeled 'End date (dd/mm/yyyy)' and contains the date '07/03/2022'. Both date fields have a calendar icon to their right. At the bottom left, there is a blue 'Search' button.

## **Audit**

After the online payment cut off date of the 10<sup>th</sup> of the month, an audit report will be sent to the senior management team for your area to perform checks and feedback to Payroll if there are any issues prior to payroll being finalised for the month.
